

# MIGUEL VILATA

miguel.vilata@gmail.com  
(34) 622 33 22 01

I am an adaptable professional, capable of managing overall projects aspects to completion, from the conceptual design phase, to the full implementation and thereafter any improvement and updating of processes as required.

Technologies change, but I maintain my enthusiasm and passion at all times, currently working with Symfony, Scrum, phpunit, react, ansible, amazon aws, etc.

## Experience

- 2017 - ...

**SENIOR SYMFONY DEVELOPER**  
Digilant

Agile Symfony development for the company API REST programmatic ad platform. Corrective and preventive maintenance. Third API integrations. Improve performance using different cache strategies, and queue systems.
